

JTG District Municipality hand-over toys and furniture to Bontle Pre-School Bontle Pre-School in Ncwelengwe

In the spirit of giving back and living up to the legacy of former President Nelson Mandela, the John Taolo Gaetsewe District Municipality Council handed over toys and furniture to an underprivileged pre-school in Ncwelengwe. The pre-school is under resourced and the learners did not have enough learning materials and the structure was not complete.

The staff members, including the Executive Mayor and the Municipal Manager swapped their suits for overalls and assisted by painting the walls, plastering the other part of the building and installed water. The municipality also donated toys, blankets and clothes to *the pre-school*.

The municipality would like to thank the following service providers for their contribution in making the day successful.

Ms. Sylvia Viret

Mr. Baki Louw

Ms. Lebo Nkadimang

It is through partnerships that we were able to reach those who are less fortunate.
