8. INVESTMENTS

8.1. INVESTMENT MANAGEMENT

The Municipal Manager is responsible for the administration of all investment procedures and must take all reasonable steps to ensure investments are being managed in accordance with any auditing requirements as well as any legal requirements including as prescribed in the Local Government: Municipal Finance Management Act, 2003 and in particular Section 13 of the Act.

In order to ensure that the Municipal Manager or any person delegated in terms of paragraph 5 complies with this policy in terms of investments and to capacitate the municipality further, the Municipal Manager may contract an Investment Manager who is a natural person or legal entity that is a portfolio manager registered in terms of the Financial Markets Control Act (Act No. 55 of 1989) and Stock Exchanges Control Act (Act No. 1 of 1985). The Investment Manager must advise the Municipal Manager or delegated officials on investments and may manage investments on the municipality's behalf, subject to any conditions and controls the Municipal Manager may determine.

8.2. INVESTMENT ETHICS

All functionaries in the investment management process must act with fidelity, honesty, integrity and in the best interest of the municipality and must seek, within

the spheres of influence of the functionaries, to prevent any prejudice to the investments of the municipality.

No functionaries in the investment management process may use their position or privileges of, or confidential information obtained as, functionary in the process for personal gain or to improperly benefit another person.

No person contracted by the municipality for the purpose of investments or no person submitting quotes, bids or any other means of competitive submissions may, either directly or through a representative or intermediary promise, offer or grant any reward, gift, sponsorships, loan, bursary, favour or hospitality to –

- Any official, spouse or close family member of such official or spouse;
- Any councilor, spouse or close family member of such councilor or spouse.

The Municipal Manager must promptly report to the Mayor and National Treasury's any alleged contravention of the above and may make recommendations as to whether the alleged offending party should be listed on the National Treasury database of persons prohibited from doing business with the public sector. Any sponsorship promised, offered or granted to the municipality must promptly be disclosed to the National Treasury.

8.3. INVESTMENT OBJECTIVES

8.3.1. SECURITY

The first and foremost objective for investments is the preservation and safety of the principal amount invested. It is a requirement of this municipality that investments may only be made with institutions with a credit – worthy rating of A 1 and better. Any investments made must be liquidated immediately if an institution's credit – worthy rating falls below the level of A 1.

8.3.2. LIQUIDITY

The cash – flow budget must be used as an instrument in determining liquidity needs. Other factors such as the payment runs for creditors,

dates for salary and statutory payments and dates for debt repayments must also be brought into account to ensure cash requirements, and resultant investment periods, are being calculated to such an extent that maximum yield on surplus cash can be obtained.

8.3.3. YIELD

It is necessary to ensure optimal yield on the municipality's investments, but a higher yield should never increase the risk of preservation and safety of the principal amount invested or not meeting cash – flow requirements. Where an institution has a sudden increase above the average market increase in investment returns, the Municipal Manager must determine whether the institution is in liquidity or financial problems, and in such an instance liquidate the investments with such an institution as soon as possible.

8.4. TYPES OF INVESTMENT ACCOUNTS

The following cash – backed investment accounts should be established:

- General surplus cash
- Asset financing reserve fund
- Accumulated leave fund

- Debt guarantee reserve fund, if applicable
- Post retirement benefits funds
- Self – insurance reserve
- Housing development funds

Where a Trust Deed prescribes how the trust money is to be invested, the prescriptions in the Trust Deed will prevail over this policy.

It is a general principle, the higher the investment the better the yield, and for this purpose the Municipal Manager should combine as much cash allocated to the above funds as possible, and invest it together. Yield should then be allocated according to the capital of the individual cash – backed funds, through the Statement of Financial Performance.

8.5. APPROVED INVESTMENTS

Investments should be structured according to the best yield available and the liquidity needs of the municipality. This can include Call Deposits, Fixed Term Deposits and Endowment Policies for the purpose of Sinking Funds only. Sinking

funds must be created for the purpose of bullet – payment loans and to provide for future commitments such as building enough cash to be able to cover post – retirement benefits in full.

8.6. QUALIFIED INSTITUTIONS

It is of utmost importance that the investments only be placed with credit – worthy institutions approved by with a credit – rating of A 1 and better.

The following investments are permitted:

- Deposits with banks registered in terms of the Banks Act, 1990 (Act 94 of 1990)

8.7. INVESTMENT DIVERSIFICATION

Without limiting the Municipal Manager to any specific amount or percentage of investments, it is hereby established that investments made by the municipality should be diversified as much as possible between different institutions, maturity dates and types, but nothing prevents the Municipal Manager from investing more cash with an institution than by another institution with due regards to the standard of care and objectives set in this policy.

The Municipal Manager may delegate the duties of investment diversification as per paragraph 5 of this policy.

8.8. COMPETITIVE SELECTION OF BIDS OR OFFERS

In establishing where investments must be made, at least 2 (two) written quotations must be obtained by the Municipal Manager from any of the institutions listed in paragraph 8.6 above. The Municipal Manager may not divulge interest rates to other institutions during the quotation process. If Investments Managers use

treasury desks for the purpose of obtaining quotations, the quotations, with a written reason why a specific institution was chosen if the yield is lower than that of another institution, must be forwarded to the Municipal Manager, who must evaluate the reasons and issue such instructions as deemed necessary.

The Municipal Manager may delegate the duties of competitive selection of bids or offers as per paragraph 5 of this policy.

8.9. COMMISSIONS OR COSTS
