The supplier has to proof that the product he offers does indeed comply with the stipulated thresholds. In order to do this there are three annexures which the supplier has to fill in and submit together with the bid document/quotation. These forms are also available on the DTI Guidance on the calculations of Local content.

It is advisable that municipalities attach the Guidance document to the bid documents/quotations in order to assist the suppliers to fill in the bid documents. A two-stage evaluation process may be followed:

- First stage: calculate if the bidder adheres to the local content percentage requirement.
- Second stage: Only the bidders who comply with the local content percentage requirement will be evaluated further.
