PART 1 — MONTHLY BUDGET STATEMENT

1. PURPOSE

- The purpose of this report is to provide the Executive Mayor with the monthly overview of the financial activities of John Taolo Gaetsewe District Municipality during the month of December 2024.
- To provide the Executive Mayor with a comprehensive report on the financial performance of the municipality against the approved budget for the month of December.
- This is also to promote accountability of financial decisions made during the month under review.
- This is done in compliance with Section 71 of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003), which states the following:
- S71 (1) of the MFMA stipulates that the accounting officer of a municipality must by no later than 10 working days after the end of each month submit to the Executive Mayor of the municipality and the relevant provincial treasury a statement in the prescribed format on the state of the municipality's budget reflecting the following particulars for that month and for the financial year up to the end of that month.

2. BACKGROUND

- The strategic objective of this report is to ensure good governance, financial viability, accountability and optimal capacity to execute the municipality's mandate.
- This is therefore a high-level consolidated report against the background of good governance and financial viability for the month of December 2024.
- During May 2024 original budget for the 2024/25 year of assessment was approved by council, therefore all variances are calculated against the approved original budget.
- As a district municipality, we follow an integrated budgeting process, by working with local municipalities and sector departments.
- We have aligned our priorities to the 14 national outcomes in the (Medium Term Strategic Framework of the Government, further we aligned to these priorities to the 6 Key Performance Areas of Local Government namely:
 - a. Basic Services and Infrastructure
 - b. Good Governance and Public Participation
 - c. Local Economic Development
 - d. Financial Viability and Management
 - e. Municipal Transformation and Institutional Development
 - f. Strategic Planning and Organizational Performance
- Further, the following Executive Mayoral Programmes aimed at serving the community, has been prioritized over the MTREF:
 - Promotion of interest and rights of targeted groups
 - Public Participation
 - Civil Society Meetings for HIV/AIDS
 - District and Local Municipalities Aids Council and
 - To govern municipal affairs

- The John Taolo Gaetsewe District Municipality faces huge developmental challenges, which revolve around finding ways to obtain additional funding sources to meet basic, social and economic needs of the people of John Taolo Gaetsewe District.
- The municipality continues to operate under strenuous financial conditions and thereby has to do more with limited resources.
- We are to remain focused on the effective delivery of the core municipal services, through the application of efficient and effective service delivery mechanisms.

3. EXECUTIVE SUMMARY

- The application of sound financial management principles for the compilation of the John Taolo District Municipality budget is essential and critical to ensure that the municipality remains financially viable and that municipal services are provided sustainably, economically and equitable to all communities.
- In compiling this financial plan, priority was given to the service delivery departments namely Basic Services, Community Development Services and Local Economic Development (LED). The Municipality's business and service delivery priorities were reviewed as part of this year's planning and budget process. Where appropriate, funds were transferred from low- to high-priority programmes.

DEVELOPMENTAL CHALLENGES

- The John Taolo Gaetsewe District Municipality faces huge developmental challenges, which revolve around finding ways to obtain additional funding sources to meet basic, social and economic needs of the people of John Taolo Gaetsewe District.
- The main challenges experienced during the compilation of the 2024/25 MTREF can be summarized as follows:
 1. To allocate limited funding to achieve a balance between the needs and requirements of the various strategic focus areas relevant to the Municipality's powers and functions as identified in the IDP consultative process. The municipality continues to be grant dependent with more than 90% of its budget being funded from grants and subsidies and the remainder revenue sources being expected from investments and the Local Municipalities (Audit and Risk Shared Services).
 2. Wage increases for municipal staff that continue to exceed the wage bill limitation and inflation, as well as the need to fill critical vacancies;
 3. Ability to provide support to Local Municipalities within the District, given limited capacity/resources in terms of funding
 4. Grant dependency

- In view of the aforementioned, the following tables are consolidated overview of the

PART 2 — SUPPORTING DOCUMENTATION

4. MONTHLY TARGETS FOR REVENUE, EXPENDITURE AND CASH FLOW

4.1. Expenditure on allocations and grant programmes

No provisions for rates, taxes and surcharges were made as the municipality is not providing services directly to the community, **except for** those on the services provided by community and planning and development services. As such no inflow of cash could be expected.

Projected as other revenue, are management fees expected from the internal audit unit, are shared equally between the John Taolo Gaetsewe District Municipality and Gamagara Local Municipality furthermore parties who are engaged with the audit performance committee are liable for their own costs, which includes the district municipality and all the locals.

The actuals pulling are not a true reflection of the municipality's cash flows, reason being the municipality has been budgeting at the highest level, whilst transacting happens at the lowest level. Assistance is being sought in this regard and corrective measures will be implemented consequently.

The municipality, being a District Municipality, continues to be fully grant dependent, with more than 90% of its revenue being from grants and subsidies.
