DEVELOPMENTAL CHALLENGES

- The John Taolo Gaetsewe District Municipality faces huge developmental challenges, which revolve around finding ways to obtain additional funding sources to meet basic, social and economic needs of the people of John Taolo Gaetsewe District.

- The main challenges experienced during the compilation of the 2024/25 MTREF can be summarized as follows:
    1. To allocate limited funding to achieve a balance between the needs and requirements of the various strategic focus areas relevant to the Municipality's powers and functions as identified in the IDP consultative process. The municipality continues to be grant dependent with more than 90% of its budget being funded from grants and subsidies and the remainder revenue sources being expected from investments and the Local Municipalities (Audit and Risk Shared Services).
    2. Wage increases for municipal staff that continue to exceed the wage bill limitation and inflation, as well as the need to fill critical vacancies
    3. Ability to provide support to Local Municipalities within the District, given limited capacity/resources in terms of funding
    4. Grant dependency

• In view of the aforementioned, the following tables are consolidated overview of the March 2025 Budget statement:

PART 2 — SUPPORTING DOCUMENTATION

4. MONTHLY TARGETS FOR REVENUE, EXPENDITURE AND CASH FLOW

4.1. Expenditure on allocations and grant programmes

No provisions for rates, taxes and charges were made as the municipality is not providing services directly to the community, ***except for*** those on the services provided by community and planning and development services. As such no inflow of cash could be expected.

Projected as other revenue, are management fees expected from the internal audit unit, are shared equally between the John Taolo Gaetsewe District Municipality and Gamagara Local Municipality furthermore parties who are engaged with the audit performance committee are liable for their own costs, which includes the district municipality and all the locals.

The actuals pulling are not a true reflection of the municipality's cash flows, reason being the municipality has been budgeting at the highest level, whilst transacting happens at the lowest level. Assistance is being sought in this regard and corrective measures will be implemented consequently.

The municipality, being a District Municipality, continues to be fully grant dependent, with more than 90% of its revenue being from grants and subsidies.
